THE BLOOD DRIVE WAS A SUCCESS!
Thank you to all who helped with the blood drive last Sunday. Over 75 people will benefit from the blood that was collected! Our next blood drive will be in March.
- 4.5 million Americans would die each year without life saving blood transfusions.
- Approximately 32,000 pints of blood are used each day in the United States.
- Every three seconds someone needs blood.
- Just one pint of donated blood can help save as many as three people’s lives.
